10. Infield Fly Rule will be in effect

Conditions for the Infield Fly Rule

For the infield fly rule to be in effect, the following conditions must be met:

1. **Runners on Base:** There must be runners on first and second base, or the bases must be loaded (runners on first, second, and third).
2. **Less than Two Outs:** There must be either no outs or one out in the inning.
3. **Fly Ball:** The batter must hit a fly ball (not a line drive or a bunt) that is in fair territory and **can be caught by an infielder with ordinary effort.**
4. **NOTE:** If "infield fly" is called and the fly ball is caught, it is treated exactly as an ordinary caught fly ball; the batter is out, there is no force, and the runners must tag up. On the other hand, if "infield fly" is called and the ball lands fair without being caught, the batter is still out, there is still no force, but the runners *are not* required to tag up. In either case, the ball is live, and the runners may advance on the play, at their own risk.

11. Leading off/ Base Runners

- A. Runners must always stay in contact with the base until the ball crosses home plate.
 - B. Runners may take a lead once the pitched ball crosses the home plate.
 - C. Runners may steal 2nd, 3rd, or home base provided the player does not leave their occupied base until after the pitched ball crosses home plate.
 - D. Leaving the base early for a lead or to steal will result in the runner being called out (no warnings).
 - E. A runner with a lead who makes any motion to return to their previous base, must immediately return to it.
 - F. Infield fly rule is in effect. Runners may advance at their own risk.

12. Courtesy Runner:

- A. When there are two outs, the player who made the second out (last out) of that half inning can become the courtesy runner for the catcher as soon as they reach base. Once a courtesy runner is designated, no other courtesy runner or the catcher may return to run for the original courtesy runner. A courtesy runner for the catcher should also be used when four (4) runs have scored regardless of the number of outs.
- B. Exception: Should an injury occur to the courtesy runner, the player that made the first out of that half inning may become the courtesy runner until the player scores or is put out.
- C. If a player is injured during the game, a pinch runner can be used for that player (typically the last out). The injured player can return to the game at any time.

13. Player substitution:

- A. Players can be substituted from the bench or moved to a different on-field position or back to the bench at any time for any position including pitcher, if time is called.

PROTESTS

1. Player Eligibility Protests: In the event a protest is lodged on a player's eligibility and the player proves to be ineligible, the player will be suspended from the league for the remainder of the season and the team will forfeit the previous game(s) in which the player has participated.
2. THE GAME MUST CONTINUE. Protest resolution will be handled off the field following conclusion of the game. The baseball coordinator will inform both head coaches the result of the outcome.
3. No protest involving umpire's judgment (ball or strike, fair or foul, safe or out, etc.) will be considered at any time.
4. **PROTEST FEE – Any coach that files an official protest will be required to post a \$25.00 Fee. If the coach wins the protest, the fee will be returned.**

AUDIO/VISUAL

1. Recording equipment may not be attached to any part of the field of play. No Recording devices can be attached to the players themselves.
2. All recording must be done outside the field of play.

FIELD CONDITIONS/WEATHER

1. In the event of rain or other inclement weather, your area's baseball coordinator will notify head coaches of delay or cancellation 2 hours prior to game time.
2. Once a game has begun, the umpire will determine if the field is playable. The umpire's decision will be final. If a game is halted, the teams will not leave the immediate area for a period of 15 minutes. After this period, the umpire will decide as to whether the game will continue or be called.
3. If a game has gone at least 40 minutes and then called due to weather, it will be considered a complete game. If a game is stopped prior to 40 minutes, it will be replayed from the start.

1. Coaches will advise parents and players of the playing rules. Ignorance of any playing rules will not be tolerated.
2. Please Park in authorized parking areas only.
